KILLED BY HIS HORSE.

Was to Have Been Married to a Former New Haven Young Lady, Daughter of President Cyrus Northrop of the University of Minnesota.

From the Minneapolis Journal of July 16 the following is taken:

Dr. Asa S. Wilcox received this morning by telegraph the intelligence that his brother-in-law, Bradford Hurd, Jr., had been killed yesterday by a fall from a horse at Ontario, Cal. The young man had been living on his father's recently purchased ranch near Ontario. The telegram which brought the sad news contained no particulars of the accident, and nothing further is yet known of the details of the affair.

Bradford Hurd, Jr., was one of the best known young men in the city, both in university and social circles. He was twenty-five years old. He graduated from the academic department in 1892, and had subsequently taken a law course, which he completed with honors. The health of his parents having become somewhat precarious it was decided to remove to California, and Bradford Hurd, Jr., formerly of the well known sash and door firm of Johnson & Hurd, purchased the fruit ranch near Ontario. The young man who had been so suddenly taken away had, during his college course, formed a strong attachment for Miss Elizabeth Northrop, and it was no secret that the two were engaged. Miss Northrop was at one time threatened with consumption and was sent to New York, where, after treatment by eminent specialists, she was pronounced safe if she removed to a warmer and drier climate than that of Minnesota. Upon the announcement of this verdict Bradford gave up his brilliant legal prospects in Minneapolis, where he had formed a connection with Belden, Gillman & Willard, and decided to remove, with his father and mother, to the California ranch. Miss Northrop was invited to accompany them, and after visiting relatives in Arizona, went to the Hurd ranch, where she now is. Mr. and Mrs. Bradford Hurd, Jr., have just returned from California for a visit in Minneapolis, and the fatal telegram found them at the home of their daughter, Mrs. Asa S. Wilcox, on Stevens avenue. Dr. Northrop had only left for the west last night, intending to visit his daughter after attending the convention of land grant university presidents in Denver.

Bradford Hurd, Jr., was a member of the university chapter of the Chi Psi fraternity and the announcement of his sudden death will cause great grief to his Greek brothers, among whom he was very popular. He was also a prominent member of the Grasshopper Tennis club and was for three years official measurer for the Minnetonka Yacht club.

To Fight Elm Tree Beeties.

Superintendent of Parks Kelly will this morning commence his fight against the elm tree beetles. Fifty men will be put to work and will continue to work until the \$1,500 appropriation for the purpose has been expended. The work will be confined to the trees in the parks for the present.

NEW HAVEN HOSPITAL.

Report of the Prudential Committee for the Quarter Ending June 30th.

The following is the report of the prudential committee of the New Haven hospital for the quarter ending June 30, made at a meeting of the directors held at the office of Bristol, Stoddard & Bristol last evening:

Number of patients on the first of April, 123; admitted during the quarter, 285; there were 239 discharged, 32 died and there were 115 in the hospital July 1. There were nine births during the quarter. The largest number of patients in any one day was 123, the smallest 105. The daily average is 114.2-10. There was an attendance of 87 in the working force, 40-3 being nurses.

The receipts for the quarter were \$1,159.69, expenses \$12,451.42, a deficit of \$1,291.73. The Hospital Sunday collection for the quarter was \$1,940.24. Forty-seven ambulance calls were responded to during the quarter. The private rooms were renovated and some new furniture was added.

The hospital is in need of more private rooms, a new kitchen and a nurse's dining room. The old dining room will accommodate only 10 and there are at present 60.

There is also a great need of a maternity ward. There are now four resident doctors at the hospital. In the charity ward there were 69 patients cared for at a cost of \$4,080.40. One hundred and twenty dollars was added to the H. J. Prudden fund, and the following donations were received: From Dr. T. Russell \$500 and from Dr. D. C. Leavenworth \$100.

The City Mission Excursions.

Four excursions have already been given this season in connection with the work of the City Missionary association. Two more have been arranged for this month, the next one being on Tuesday of next week, July 23. The trip will be to Pawson park by the steamer Margaret from Belle dock at 9:30 a. m. The excursion will include the children of the Sunday school, their parents and other relatives and friends, together with others who may be provided with tickets through the "Fresh Air Fund." Boat tickets and cream cards will be distributed to members of the Sunday school by Superintendent Cleveland, but may be obtained by others at the City Mission hall, Court and State streets, this afternoon, and on Monday afternoon and evening. Additional subscriptions are needed for the "Fresh Air Fund," and may be sent to Rev. M. Mosseman, or to Miss Hume, or left at the First National bank on Orange street, or at Mix's drug store, corner of Church and Chapel streets.

We have been using Fine Flour of the Entire Wheat, manufactured by the Franklin Mills Co., Lockport, N. Y., for three months, and I do not hesitate in expressing the opinion that one barrel of it is actually worth more to my family than two barrels of ordinary flour. Bread made from it is perfectly irresistible, and aside from its richness and sweetness to the taste, we find it more nutritious and healthful than any other article of food. I am not subject to "ecstasies" over newly discovered preparations for the table, but this is certainly a desideratum well worthy of commendation.

Rev. A. B. Woodworth, Lockport, N. Y.

Our guests are highly pleased with your Fine Flour of the Entire Wheat. I have been a user of Graham Flour for nearly thirty years. I think this is far superior to the best Graham.

Bread Has Been Aptly Termed

"The Staff of Life,"

And it is daily consumed by the Rich as well as the Poor. It is found on the table of the occupants of a palace, as well as in the humble cottage of the "sturdy sons of toil." When it is properly made it confers strength and health to the user. But much of "the commercial article" which is used by the masses is a "deception and a snare," and instead of producing a pleasurable feeling and nourishing the human frame, it causes a "bad taste in the mouth" and is conducive to "that tired feeling" which we read about in medical almanacs.

ROOT'S QUAKER BREAD

However does not come in this category. It is delicious to the taste and highly nutritious and strengthening. Made by the original process from pure materials, it always agrees with all constitutions, and as a consequence it daily increases in popularity.

ROOT'S QUAKER BREAD is recommended by physicians generally, and thousands of loaves are bought and eaten each day in this city and neighboring towns. A single trial will attest its superiority. Be sure and get the genuine article. Ask your grocer for ROOT'S QUAKER BREAD and take no other. Label on each loaf.
